

ATTENTION GEMCARE ANTHEM BLUE CROSS PATIENTS:

As of July 16, Dignity Health facilities no longer coordinate with Anthem Blue Cross health plans for members enrolled in Commercial PPO, EPO, HMO and POS benefit plans as well as some Medicaid and Medicare Advantage plans.

Due to this, effective September 1st, 2021 we will no longer be accepting GEMCare Anthem Blue Cross plans listed above and will require an authorization from your new insurance carrier before being treated. Please make sure to update us with your new insurance information as soon as possible to ensure continuity of care.

For more information, those covered by Anthem Blue Cross can call the member services number on their Anthem insurance ID card to find out whether they are eligible for continuity of care. Or you can call either Dignity Health or Anthem Blue Cross directly at:

Dignity Health – (800) 483-1568

Anthem Blue Cross – (888) 486-4227
